Ningbo Anchor Fasteners Industrial Co., Ltd., established in 1995, is a Taiwanese proprietor enterprise, located in Yuyao, Ningbo City. The start-up registered investment capital was 4 million USD and has now reached 25.3 million USD. As the mother company of Ningbo Anchor, Ningbo Anchor and its subsidiaries specialize in professionally manufacturing construction hardware, automotive parts, hand tool sets, hydraulic fittings and engineering mechanical parts. We are a member of China National Standard Committee and the producer for quality construction hardware, socket sets, and pre-stressed anchor wedge. We foresee ourselves to become fully automated for intellectual production in 2028. By streamlining and integrating the in-house processes from wire drawing, cold forming, secondary post machining, plating, and to packaging, we are able to have good control on quality assurance and lead time in order to fulfill our customers' request.

To leverage ourselves and bring our quality management system to another level, we have been certified by ISO9001:2015 and IATF16949:2016, while acquiring ICC for the US market, CE, and ETA for European markets. Ningbo Anchor was rated "Leading High-end Technical Manufacturer" in 2009 and was awarded again in 2017 in China. We are currently hold 29+ patents.

"Quality Assurance, Technology Innovation, Customer Satisfaction" is always our goal when providing our product and service to our valued customers. We are planning to go public within years in order to grow and create a win-win situation with our customers.

**安拓愿景：1、拓展“安拓”品牌，成为五金行业最受人尊敬的企业；
2、转型升级，由“制造安拓”升级为“品牌安拓”。**
